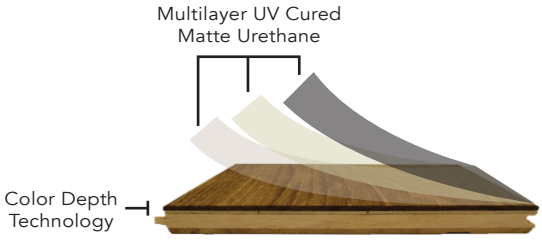
Multilayer UV Cured Matte Urethane

- Multilayer coatings for added performance
- Natural appearance matte finish
- No additional coatings after installation
- Excellent resistance to stains
- Easy care, basic cleaners acceptable



Color Depth Technology

- Color permeates through the sawn cut wear layer stopping surface scratches from exposing light wood underneath the finish.
- Offers increased hardness and stability.

Product Features

- Authentic French White Oak
- FloorScore certified for healthy indoor air quality
- PEFC Certified Manufacturer (www.PEFC.org)
- Long plank average

XL Planks

Our hardwood offers the longest average length plank in the industry. In each carton of our flooring, at least 50% of the square footage will be represented as full-length planks. Most other products in the industry will use the language “up to” but never specify how many of the long planks are provided in each carton. Longer planks provide greater visual continuity to your space and show the true unique beauty of mother nature.
